**valuation System**

ASHLEY SHIVAR  
EAST CAROLINA UNIVERSITY  
051612

**Search**  
Search for course descriptions from a database containing millions of records. Access complete course details, including course title, course code, and credits. View institution profiles, including accreditation, calendar/unit, and more.

**Track**  
Route course descriptions and proposed equivalencies to faculty and staff for evaluation. Track the approval process and add notes as needed. Store the results as an equivalency, if desired, and the log of evaluation activity for later review.

**Get the most out of TES**

**TES Basic Certification** is an intensive workshop held over two half-days, with instruction and exercises to complete. It is offered monthly, and there are 40 slots available.

*"I like walking through every one of the examples and being given examples of how we can use them in our own classrooms."*

## 2 Select an Institution by clicking the play icon.

7

Be as specific as possible in your note for denied courses. These do not have to be lengthy, but they need to be succinct for UNCISO review.

*For example:*

- Course does not meet 70% similarity requirement from UNCISO policy.
- Course does not cover (subject) which is a key part of ECU's course.

**Reasons that cannot be used to deny an equivalency, per the UNCISO:**

- Doesn't use the same textbook.
- Doesn't cover everything (100%) the ECU course does.
- I don't know the professor/cannot find ratings on the professor.
- Student earned below in "A" in the course.

Remember, equivalencies are holistic--course to course outcomes and learning objectives--not based on one student's performance, the chosen textbook, or the professor teaching the course.
